

Camper Pre-registration Question Form

Bio Boot Camps 2016

There are three parts to this application (camper question, letter of reference and expectations). All three forms need to be completed to be considered for the camp. *The application due date is midnight on Thurs., March 31, 2016.*

Selected campers will then be notified by email in the first few weeks in April and given the option to accept and register. Others will be given the option to be placed on a waitlist. Applications after March 31 will be accepted only pending availability. However, we have historically had waitlists.
